

Plumbing Doctor honored for growth

Plumbing Doctor, a, Davis-based plumbing company, has received a national award for its growth.

The Plumbing Doctor was recognized as one of the 5,000 fastest growing companies in the nation by Inc. 5000, an organization that tracks the growth of businesses around the country.

The Plumbing Doctor was ranked 2,171 on the list of 5,000, spokeswoman Bethany Helmboldt said in a news release.

The company, founded 15 years ago by a local family, has received several regional awards for growth, but this is the first national award the company has earned.

The Plumbing Doctor saw a growth of 169 percent from 2006 to 2008, Helmboldt said.
